

Jan Bostic

East Adams Rural Hospital and District Clinics would like to introduce Janice Bostic, our highlighted employee this week.

Jan Bostic is an LPN at East Adams Rural Hospital. Her responsibilities include caring for patients that have been admitted to the hospital and those that come to the emergency room. She began working at EARH in February 2006.

Jan was born in Elmira, New York and grew up in Watkins Glen, NY. She moved to Ritzville in February 2006 to be closer to her daughter and grandchildren.

Jan has four brothers and one sister. She and Jim have two children, one daughter and one son. They also have four grandchildren.

Jan has always taken care of sick family members and animals, so it seemed the natural choice for her career in healthcare. She receives much satisfaction from her job. The best thing is making a difference in someone's life, whether it be making them feel better with treatment or making them smile.

Obtaining an RN degree has always been a goal of Jan's but life kept getting in the way. She is currently enrolled in college full time to obtain her RN degree. Her greatest accomplishments are her children who are the world to her and becoming an LPN at the age of 40.

Outside of work Jan enjoys flower gardens, remodeling their house, and baking. Some of her hobbies include rockhounding, teaching herself to cut stones and make jewelry, and seeing historical sites.
